

Meta-heuristics in Structural Bioinformatics

Protein Structure Prediction and Molecular Docking

Prof. Dr. Márcio Dorn
mdorn@inf.ufrgs.br

Laboratory of Structural Bioinformatics and Computational Biology
Institute of Informatics
Federal University of Rio Grande do Sul

10/2018

- ❶ Motivation
- ❷ Metaheuristics
 - Trajectory Methods
 - Population-Based Methods
- ❸ Protein Structure Prediction
 - Proteins
 - PSP Methods
 - Structural Information
 - Metaheuristic for PSP
- ❹ Molecular Docking
 - Virtual Screening
 - Docking Strategies
